1. A review of the information contained in Paragraph 4 , concerning 25X1A air-raid defense instructions posted on gates and doorways in Budapest, discloses that there is no reason to believe that such posters have actually been seen or even exist.
2. However, it is general knowledge and an established fact that air-raid defense officers had been appointed in each apartment house and that air-raid defense classes in certain districts of Budapest have commenced as early as September 1951.
